### **Finishing**

Using a yarn needle, thread a long piece of yarn through the needle. Using your needle, start at front center of turban, push the needle from the inside of the turban towards the outside right above the 8<sup>th</sup> rnd from outside edge. Wrap yarn around edge of the front center and pull tight. Push needle back through the top again. Repeat until the knot looks nice and secure and pretty. Fasten off, weave in loose ends on back.
